FOUR INTERCHANGEABLE WEARING STYLES IN ONE HEADSET.

The award-winning Jabra GN2124 FLEX NC 4-in-1 headset is specially designed for busy office and contact center professionals. Complete with 4 interchangeable wearing styles, the GN2124 delivers unsurpassed sound quality and an ultralight, ergonomic design, providing users with a unique combination of performance, comfort, and style.

- Sleek, lightweight design with titanium-look headband and boom arm
- Four interchangeable wearing styles in one headset for ultimate flexibility
- Unsurpassed sound quality that's comparable to "face-to-face" conversations
- Noise-canceling technology for noisy office environments
- Rugged construction that's lab-tested to ensure durability and long-lasting value
- 2-year manufacturer's warranty

The attractive 4-in-1 design takes personal comfort to a new level, allowing each user to select the most comfortable wearing style - lightweight headband, Surefit earhook, adjustable earloop, or unobtrusive neckband.

For those who know which style best suits their needs, headband earhook, and neckband models are also available individually.

Like all our high-quality professional headsets, the Jabra GN2124 is equipped with our PeakStop™ technology, which protects users from harmful sound spikes and other loud noises.
